Marlene H. Dortch, Secretary
Federal Communications Commission
Office of the Secretary
445 12th Street, SW
Washington, DC 20554

Dear Ms. Dortch:

Submitted herewith in this proceeding is a copy of a Petition to Deny (PTD) in what we think is a case also quite relevant to this docket. The case involves merging of Alaskan broadcasters, MVPD, Internet Service Providers, and mobile wireless operations. The proposals addressed are, today, unique to Alaska, but we believe the sorts of issues involved will rapidly become very widespread. In the Alaskan case, two wireless operators are planning to share their owned radio access networks. In the PTD we ask regulators to form policy, rules, and regulations regarding shared facilities. In addition, we argue that modern broadcasting rides not only on conventional and highly regulated broadcast airwaves, but as well on lightly regulated cellular airwaves.

We know the comment deadline in this proceeding has passed, but we submit this PTD so that people considering the effects of reduced diversity in media ownership can take note of, and hopefully address the regulatory questions this Alaskan situation raises.

Regards

Jeremy Lansman
